USER-FIELD AGREEMENT

- Non refundable deposits. There is no refund(s).
- In the event NKCA Baseball League needs the space for an event and/or games, we reserve the right to pull the space with consideration of allowing the space to be moved to a date that works for both the league and the party.
- Teams not registered to play in the current season with NKCA are not allowed to use any field space for a scrimmage or practice game unless the opposing team is a team registered in the current season with NKCA Baseball League. The NKCA Baseball League reserves the right to make adjustments as necessary and what may be in the best interest of the league.
- There shall be no "gifting" field space to teams outside those registered in the current seasons program.
- Trash collection is the responsibility of the team utilizing the space. All trash is required to be placed in the bins provided.
- As NKCA Baseball League does not have a traditional lost and found, the league is not responsible for lost items or items left behind.
- Damage made to any property owned by or secured by NKCA Baseball League will be the responsibility of the party securing space.
- Once space is selected and paid for, there is no option to move/change to another date.
- In the event the park has been deemed closed, no one shall go around our jump a locked gate in an effort to get their practice in.

Violation of these terms of service may lead to the team losing their secured space without a refund for used or unused space and access to future space may be revoked.

Please keep in mind that games will take precedence over team practices in the event of rain out make-ups or if the league needs to perform grounds work, etc.
